

# BASIC ORACLE CARDS ENCHIRIDION

*'Listen to your Soul and let your Soul speak'*

John Richardson is one of the UK's leading authorities on Past Life Regression & Past Life Readings... These Cards were channeled and designed with two fundamental purposes in mind: 1. To help the individual access and recall information from previous Past Lifetimes that will help them in their life and work today and therefore *providing Healing through Understanding*, and, 2. To provide the Professional Psychic Spiritual Medium with a further tool to allow a deeper insight as to how 'Past Life Influence' can affect 'Present Biographical Lives'.

*'See how the Past affects the present and influences the future'*

## HOW TO USE THESE CARDS FOR THE INDIVIDUAL SELF READER:

Consecrate and focus on the Cards as you shuffle them and ask questions with intent.

Fan the Cards out, face down, and choose the Card (or Cards) you are drawn to.

Don't focus all your attention on the written meaning of the Cards, be intuitive and let your Past Life Self Speak: Also use the Cards as part of you meditations.

After use: Clear and Cleanse your Cards to remove Old Harboured Energy!

For the Professional Psychic Spiritual Medium the Cards will be integrated into your own reading style using your Guides, Spirit Family and Psychic Ability. Combining a Past Life Reading with a Present Life Reading shows the 'Sitter' how their Past is affecting their Present and influencing their Future... Highlighting where any changes need to be made.

Listed here are the rudimentary 'basic' meanings channeled by John Richardson for each one of the 78 - Card Deck, although each one is very much open to further interpretation through inspiration and intuition of the individual reader and their own Past Life Self: *Therefore, listen to your Soul and let your Soul speak!*
